Date

Application No. 10/533,705  
Paper Dated May 17, 2006  
Attorney Docket No.3988-050399

This application is the U.S. national phase of International Application No. PCT/EP2004/005886, filed June 1, 2004, which corresponds to German Patent Application No. 103 24 874.9 filed May 30, 2003. Enclosed herewith please find the English translation of the International Preliminary Report on Patentability (IPRP) dated May 4, 2006. According to this report, the claimed design is neither known nor suggested from the prior art and the claims meet the required criteria for novelty, inventive step, and industrial applicability. Claims 13-32 pending in the above-identified application are substantially the same as claims 1-12 in the PCT application and should be in condition for allowance for the same reasons set forth in the IPRP.

Pursuant to 37 CFR § 1.97(b)(3), no fees are believed to be due with the submission of this Supplemental Information Disclosure Statement, as it is being submitted before the mailing date of the first Office Action on the merits. Nevertheless, the Commissioner of Patents and Trademarks is hereby authorized to charge any additional fees, which may be required to Deposit Account No. 23-0650. One original and two (2) copies of this Supplemental Information Disclosure Statement are enclosed.

Respectfully submitted,

THE WEBB LAW FIRM
